

What It Was Like, What Happened, What It's Like Now: A Presentation of Insight, Recovery and Hope

Date & Time

June 30, 2025 09:00 AM in Eastern Time (US and Canada)

Description

Join us for a powerful, honest conversation about the real-life impact of potentially impairing conditions on healthcare professionals (HCP). Through personal stories and lived experience, you'll gain a deeper understanding of the vital support offered by the New Hampshire Professionals Health Program (NHPHP). This is more than just a presentation—it's an opportunity to remove stigma, build awareness, and foster a more compassionate healthcare environment. Walk away with less mystery and more hope for yourself, your colleagues, and the profession as a whole.

Objectives:

1. Acknowledge strategies for well being as potential antidotes to burn out and maladaptive behaviors
2. Understand how a HCP lands at the PHP
3. Realize the purpose and success of PHPs in advocating for healthy HCPs and reducing risk to public through professional understanding and communication with regulatory organizations
